Beer Processing Equipment

Tri-Canada continues to be a leading supplier of quality hygienic stainless steel process equipment. Our commitment to fine craftsmanship, high quality, unequalled service, and competitive pricing has led to our company's successive years of growth which has placed us among the leaders in our industries.

Our extensive product line which includes valves, pumps, fittings, tubing, strainers and clamps is the most complete in the industry. We maintain warehouse facilities for the most responsive service and fast turnaround. We understand your requirements for processing equipment and we can meet your stringent specifications.

Our products are in compliance with industry organizations including FDA, USDA, ASME BPE and 3-A sanitary standards.

For top of the line products and service, there's only one name to remember, **Tri-Canada**. For more information about our products, please visit our website at www.tricanada.com or call us today at **905-677-9000** or toll-free at **1-800-486-7863**.
